Services in Columbia

PSYCHIATRIC RESIDENTIAL TREATMENT FACILITY (PRTF)

PRTFs treat youth who are having ongoing struggles managing their symptoms and haven't experienced improvement with outpatient services. They are secure placements that provide long-term intensive clinical services and clients can practice skills for coping and emotion regulation. Typical stay at a PRTF is 90 days.

KVC ACADEMY

We foster learning, growth and healing in a therapeutic school setting. We know that in order to learn and thrive, students must first feel safe and calm. Our trauma-informed team works to build trusting relationships with students and empowers them with individualized tools. KVC Academy is a unique learning environment where no one feels different, and students have the support needed to unlock their full potential.

COMMUNITY AND FAMILY SERVICES

KVC Missouri helps families stay together using evidence-based interventions. Our Community and Family Services are focused on stabilizing the family, helping children remain safely in their homes, and improving the long-term wellbeing of both children and families. This include Foster Care services.
